Punching Up a Proud Farmhouse

Truly cool blue

"Blue is America's favorite color, and even though the owners didn't ask for it, I wanted them to see how welcoming it is," says Krims. Playing traditional blue (siding) against a modern indigo (gable, stair risers, balusters) is unexpected—as is the orangey-gold contrast (door, details). Glidden's Heritage Home (1), Blueberry Hill (2), Egret (3), Midnight Haze (4), and Hemp Gold (5). ■
